

Interoperability of the trans-European Conventional Rail System

EC Declaration of Conformity

It is hereby declared that the rail fastening system

CEMEX EG47 Monoblock Railway Sleeper

is an interoperability constituent that is in compliance with

Directive of the European Parliament and of the Council (2008/57/ES)
of 17 June 2008

on the interoperability of the rail system within the community.

The procedure used to declare conformity has been in accordance with Module CA of the
Commission Decision (2010/713/EU)
of 9 November 2010

on modules for the procedures for assessment of conformity, suitability
for use and EC verification to be used in the technical specifications for
interoperability adopted under Directive 2008/57/EC of the European
Parliament and of the Council

It has been examined and tested in accordance with the requirements of article 5.3.2 of the
Commission Decision (2011/275/EU)
of 26 April 2011

concerning a technical specification for interoperability relating to the
"infrastructure" subsystem of the trans-European conventional rail system

The sleeper properties fulfil the conditions listed in article 5.3.3 (Track Sleepers) of 2011/275/EU
and as detailed on CEMEX drawing wh/pr/6033. This Declaration of Conformity applies to the
sleeper as per the drawing supplied by CEMEX Rail Solutions.
